Hi All

I have one requirement before this application gets approved. When the site was a restaurant it had a grease trap in the lawn by County Road. This trap should have been repaired a long time ago. I would request that at this time the grease trap be removed and the pipes all hooked together. If in the future they want to reopen as a restaurant they will have to put in a new grease trap which will be only hooked up to the kitchen

Thanks  
Richard

All,

See attached, which will be included on the July 12 PB agenda. I received an email from Paul Connolly from Crosspoint Associates (for Mt.View Shopping Center), on Monday, Jun 27<sup>th</sup>. The owner does not have an issue with the EPG plan being submitted to the PB for July 12<sup>th</sup>. Please let me know if you have any comments by July 6th. Thank you. Lucy
