

New London Energy Committee
November 2, 2016 Agenda
Syd Crook Conference Room – 7:00 PM

1. Discussion of October **meeting minutes**
2. Next steps: what project(s) make the most sense for us now?
 - a. Suggestions include:
 - i. EV Charging stations: shopping center. Dave spoke with Reed Clark and a representative from Revision Energy. Two possible locations were identified (McKennas and Colonial locations). A lot of conversations need to occur to move forward. Should also consider installing one at the Chamber of Commerce location across from the library.
 - ii. Solar energy for town buildings (PV and H₂O), including the elementary school – Jamie will investigate how Norwich, VT arranged their solar energy investments.
 - iii. Community solar farm (sewer lagoons, or old landfill area)
 - iv. Conduct audits for residential, commercial, and municipal entities
 - v. Update NLEC webpage and maintain social media
 - vi. Richard Lee and need for upgraded heating systems
 - vii. Solar Open House day
 - viii. Viewing of a series of movies including Chasing Ice (shown in Andover) – would need someone to lead the discussion afterward
 - ix. Explore the Tesla solar roof shingles
 - x. Uber system in New London (esp. for college students)
3. Additions to the list?
4. Discuss and develop strategy for next projects
5. Other business/future plans
6. **Next meeting:** December 7, 2016 at 7:00 in the Syd Crook Conference Room.
