~~STORMWATER & EROSION CONTROL APPLICATION~~

Excavation

~~\$50.00 Application Fee~~

WHEN TO USE THIS FORM: You will be disturbing land or building or modifying a structure in a sensitive environmental overlay district, including any construction, filling, grading, dredging or other activities that require land disturbance. Use this application when working in any town Buffer Zones or Overlay District.

ABOUT THIS APPLICATION: The purpose of this application is to 1) inform the property owner of special requirements when working a town Overlay District; and 2) to allow your plans to be reviewed Erosion, Sedimentation and/or Stormwater Runoff in accordance with the New London Zoning Regulations. The ordinance is designed to help prevent soil erosion, stream sedimentation, and stormwater run-off. This application may be forwarded to the Conservation Commission or Planning Board for their review, when required. An inspection may also be required prior to beginning any site work, to ensure that Erosion Control measures are in place.
