1. Chapter Work & Discussion:

The committee continued working through the language in the summary document. Committee members had reviewed the document and submitted comments to discuss at the meeting. The was able to solidify the language for the majority of the document and Jeremy volunteered to make the final edits to pass along to the select board for their review and comments.

The board discussed that the document should be sent to the select board as text without the final formatting done to reduce having to change formatting should there being an significant changes to language made.

The process is a couple of weeks behind, so we would like to target getting the formatting done in the next 2-4 weeks to be ready to send for printing around the first week of January.

1. Next meeting, November 21st, at 8:30 AM
2. Mr. Bonin adjourned the meeting at 9:40 AM.
