SUBJECT: Proposed Parking Lot, Stahlman Office Building

The subdivision of the 1.3 acre lot was approved by the Planning Board and Robert Stahlman purchased .26 acres to construct a parking lot addition for his office building at 74 Pleasant Street. I filed a letter of objection for the parking lot to the zoning board at the September hearing. The next Zoning Board hearing for the variance to approve a parking lot is scheduled for November 10, 2015.

Based on the present appearance of the site and the installation of a fence on our side of the parking lot, I no longer have an objection to the parking lot for Robert Stahlman and his office building.

I will install pine trees on the outside of the fence @ 8' to 10' spaces.
