RE: COLBY-SAWYER COLLEGE – LONDON HOUSE PARKING

OCTOBER 25, 2011

MAP 085, LOT 036-000

You are hereby notified that on this date, the New London Planning Board reviewed a request by Colby-Sawyer College, represented by Doug Atkins, to approve a Final Site Plan Review to permit the construction of a new, 750 square foot parking area along the southeast side of the existing driveway. The purpose of the proposed parking lot is to provide a seasonally stable parking area for students living at the London House Multi Family facility.

After hearing testimony regarding the proposed use, and factoring in concerns of abutters regarding stormwater management, by unanimous vote, the New London Planning Board **APPROVED** the applicant's request for a Final Site Plan Review to permit the newly improved parking area, with the condition that a stone diaphragm (infiltration trench) be constructed along the full length of the southwest end of the parking lot/driveway. The infiltration trench will be constructed of 1 ½ inch stone, with a width of 18" and a depth of 24" and will be lined with filter fabric to prevent the stone from being filled with silt.
