Re: 293 Lamson Lane, New London, New Hampshire

Ladies and Gentlemen:

This office represents John Ryan who resides at 295 Lamson Lane, New London, New Hampshire. He called us because, last week, it came to his attention that his neighbor (293 Lamson Lane) was rebuilding his house very close to his lot line.

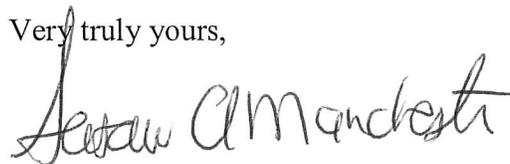

Our client obtained a copy of the building permit on April 5, 2018 (#17-147) and it supports his belief that the building being constructed is only twelve (12) feet from his lot line.

Under Article V Section C(2) of the Zoning Ordinance, a minimum of 20 feet is required. The building permit does not reference any variance for the set back.

Assuming, arguendo, that the prior structures were legal nonconforming structures, we do not understand why Article XX, Section B(5)(b)(ii) of the Ordinance does not apply. According to Article XX, Section B(5)(b)(ii), "the voluntary replacement of a Legal Nonconforming Building or Structure... is permitted only if it complies with all of the standards of the Ordinance, including the aspect that makes the existing Building or Structure nonconforming."

While at Town Hall, our client asked if there was a form to appeal. He was advised that there was no appeal form per se and that we should address this in a letter to you. Please accept this letter as our appeal/objection to the construction of a building closer than 20 feet to the side lot line.

Very truly yours,

  
Susan A. Manchester

RE: 293 Lamson Lane, New London, New Hampshire

Dear Ms. Manchester:

I acknowledge that your letter regarding an appeal/objection dated April 6<sup>th</sup> was received by the Town on April 9<sup>th</sup> and must be supplemented with an application. I have enclosed the application and instructions form for your use, which is also readily available on our website our website, [www.nl-nh.com](http://www.nl-nh.com), under Boards & Committees – Zoning Board of Adjustment – Permits & Applications.

The application should be submitted to the Town within one week. It will then be processed, and you will be advised of a hearing date.

Sincerely,

Nicole Gage  
Zoning Administrator

Re: 293 Lamson Lane, New London, New Hampshire

Dear Mr. Lyon:

This office represents John Ryan who resides at 295 Lamson Lane, New London, New Hampshire. He called us because when his neighbor (293 Lamson Lane) started to pour a foundation for a new structure he thought it was very close to his lot line. Our client went to Town Hall and obtained a copy of the building permit on April 5, 2018 (#17-147) and it supports his belief that the building being constructed is only twelve (12) feet from his lot line. At the suggestion of the Town Administrator, we filed a letter objecting. We and he have since been advised to file an administrative appeal.

To that end, enclosed are the following:

1. Appeal From An Administrative Decision;
2. Abutters list;
3. Plan found on Town's website;
4. Plan filed with the application for building permit received from the Town Administrator;
5. Aerial photos from Google.com. Note that when we went on line, Google maps would not recognize "293 Lamson Lane." The map attached for 295 Lamson Lane also depicts a building that was likely on 293 Lamson Lane. The Google map does not appear to reflect current status of the site;
6. Tax Map showing surrounding properties;
7. Photos of the site (including old photos found on Town's website); and
8. Building Permit.

Our client is paying the Town directly for the application fee and abutter's notice.

Very truly yours,

**Building Permit and or Demolition Permit  
Issuance of Permit by the Board of Selectmen**

**Date:** January 17, 2018

**Permit Number:** 17-147

**Applicant Name:** Timothy & Lucinda Carlson

**Address:** 293 Lamson Lane

**Tax Map & Lot Number:** 062-008-000

**Permit to:** Demo existing – Build new 3 bedroom  
SFR.

Dear Applicant:

We are pleased to inform you that the Building Permit and or Demolition Permit application you submitted to the Board of Selectmen has been approved. The permit must be posted in a prominent place on the building or site until the work is completed. The permit is valid for a period of one calendar year from the date of approval, including interior and exterior components of the work. This permit is only for the work approved in this application and for any conditions which may have been attached to the approval of said application. If additional work or changes are needed, a new permit must be applied for and approved before this additional work can proceed.

**Conditions:**

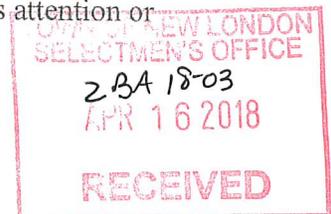

- 1. Height of chimney is not to exceed the minimum height requirements of State of NH Building Codes (per New London Zoning Ordinance, Article II, Section 5).**
- 2. All construction and land disturbance activity must follow the Erosion and Sedimentation Control Plans as outlined in NH DES Permitting and in the Horizons Engineering plan dated May 2017, Pages C301 & C302.**

The state building code established in RSA 155-A is effective in all towns and cities in the state and is enforced as provided in RSA 155-A: 7 and RSA 674:51.

RSA 155-A, State Building Code, requires that all buildings, building components, and structures constructed in New Hampshire shall comply with the state building code and state fire code. The construction, design, structure, maintenance, and use of all buildings or structures to be erected and the alteration, renovation, rehabilitation, repair, removal, or demolition of all buildings and structures previously erected shall be governed by the provisions of the state building code.

Disposal of all construction materials must be in compliance with all Federal, State and local laws, rules and regulations. Furthermore, compliance with RSA 155-D- Energy Conservation is required, as well as compliance with any State or Federal Permits which may be applicable for your specific project. **You are responsible for knowing the requirements.**

You are advised to seek qualified professional expertise to help you determine what you must do to meet the requirements. The Town of New London may visit the building site, as deemed necessary by the Town to review the site, to respond to a complaint or issue brought to the Town's attention or for other reasons.
