9. CONDITIONS AND SIGNATURES

- a. I have reviewed the Project Specific Criteria documents for each project type checked on page 1 of this form and by signing below I am confirming the project meets all of the outlined project specific criteria (Env-Wt 506.03(k))
- b. Within 10 days following completion of the project, the applicant shall submit to the department confirmation of completion of the project, by either paper copy or electronically, with dated, labeled, photograph(s), mounted on 8½" x 11" sheets if paper copy, or digital photo(s) if electronic, depicting the areas where the impact occurred.
- c. All abutters have been notified in accordance with RSA 482-A:3, I.
- d. The project is at least 20 feet from an abutting property line or imaginary extension thereof over surface water unless it receives written agreement from the affected abutter concurring with any impact that may result relative to the abutter's interests. This letter must be notarized if your project is a boat docking facility (RSA 482-A:3-XIII(c)). Notarized abutter permission is not required for maintenance projects.
- e. I authorize the municipal conservation commission to inspect the site of the proposed project.
- f. I have reviewed the information being submitted, and that to the best of my knowledge, the information is true and accurate.
- g. I understand that the willful submission of falsified or misrepresented information to the New Hampshire Department of Environmental Services is a criminal act, which may result in legal action.
- h. I am aware that the work I am proposing may require additional state, local or federal permits.
- i. I will confirm the PBN is complete or disqualified by checking the "One-Stop Wetland Permits Query" as outlined in the project specific document or by telephone at 603-271-2147 before starting work, and I will record the Wetlands File Number on the Notification Conditions page in the Project Specific Criteria document.
- j. I will post the completed Notification Conditions at a location on the project property visible to representatives from NHDES and/or the municipal conservation commission.
- k. If this Permit by Notification project is for the installation, construction, or repair of a dock, docking facility, or marina, I will record each permit granted in the registry of deeds for the county or counties in which the real estate is located and provide the department with a copy of the permit stamped by the registry with the book and page and date of receipt. I understand that the permit shall not be effective until so recorded (RSA 482-A:3, VI and Env-Wt 402.20).
- l. The mailing addresses I have provided are up to date and appropriate for receipt of NHDES correspondence. NHDES will not forward returned mail.
- m. Any structure that I am proposing to repair/replace was either previously permitted by the Wetlands Bureau or would be considered grandfathered per Env-Wt 101.44.

10. APPLICATION SUBMITTAL DIRECTIONS

1. Review the Project Specific Criteria document for each project number checked on page 1 to confirm your project qualifies for the PBN process and for a list of and instructions for the required attachments. If all of the required attachments are not provided, this notification and attachments will be returned to you.
2. If you would like your notification processed by NHDES within 10 days, you must obtain the municipal conservation commission or local governing body signature prior to submitting the final application to the Town/City Clerk for signature.
3. If sought, obtain the Conservation Commissions signature as outlined below, number 11;
4. Submit four copies of the application form and materials to the Town/City Clerk and submit the original application form bearing the signature of the Town/City Clerk, additional materials and application fee (\$200) to NHDES by mail or hand delivery.
5. To confirm completion or disqualification of your PBN you must check the "One-Stop Wetland Permits Query" as outlined in the Project Specific Criteria document and record the Wetlands File Number on the Notification Conditions page in your Project Specific Criteria document. **NOTE: YOU WILL NOT RECEIVE CORRESPONDENCE FROM NHDES UNLESS THE FORM IS INCOMPLETE OR DENIED.**

Project Description: remove and replace an existing dock and crib

The NH Natural Heritage database has been checked for records of rare species and exemplary natural communities near the area mapped below. The species considered include those listed as Threatened or Endangered by either the state of New Hampshire or the federal government. We currently have no recorded occurrences for sensitive species near this project area.

A negative result (no record in our database) does not mean that a sensitive species is not present. Our data can only tell you of known occurrences, based on information gathered by qualified biologists and reported to our office. However, many areas have never been surveyed, or have only been surveyed for certain species. An on-site survey would provide better information on what species and communities are indeed present.

This report is valid through 7/26/2016.
