Revised July 2015

Contact List for NH Foresters and Tree Farmers

Many individuals have indicated an interest in helping local school groups get out to explore forestlands. They are forest landowners and professional foresters with a desire to help educate today's youth about the importance of forest stewardship. You are welcome to contact a Tree Farmer or Forester who lives in your area, and take your students for a *Walk in the Forest!*

Please Contact NHPLT at 603-226-0160 or info@nhplt.org for names and contact information for Tree Farmers or Foresters in your area who have expressed their willingness to help with a Walk in the Forest.

What is a Tree Farmer?

A Tree Farmer is a forest landowner who is recognized by the American Forest Foundation for practicing forest management for timber, recreation, wildlife habitat, and watershed values. In New Hampshire, over 1,600 Tree Farmers manage more than 800,000 acres. For more information on New Hampshire Tree Farms, visit http://www.nhtoa.org/nhtreeprog.htm.

What is a Forester?

A forester is a person trained in the science of developing, caring for, and cultivating forests. There are currently over 270 licensed foresters living in the state of New Hampshire. For more information on foresters and forestry, visit the Society of America Foresters website at http://www.safnet.org.
