Subject: Messer Variance Hearing

Zoning Board of Adjustment

I am unable to attend this evenings hearing but wish to express my complete support for the Messer's variance application. Their plan to create a safe, handicap accessible and energy efficient home for this long time New London family is certainly a reasonable request without being extravagant or impacting their neighbors. This minimal, yet significant plan will serve to improve their living conditions on the property.

As their neighbor, I have absolutely no reservations regarding this request and wish to urge the Board to support and approve their plan.
