**Subject:** Morgan/Schive Variance Application

6/24/16

Lucy St. John  
Planning & Zoning Administrator  
Town of New London

Dear Lucy:

 We are writing to you in advance of the June 27th ZBA meeting to consider the Variance Application for Mike Morgan & Laurie Schive for their property located at 721 Little Sunapee Road, NL tax map # 033-015-000.

We are abutters to their property and we have reviewed their variance application, tree cutting request and all other associated documents in detail. We give strong support for this project, and request that the ZBA give them their variances.

This project will have very minor impact on the waterfront buffer and tree counts, and will actually reduce runoff into the Lake. It looks to be a well thought out plan, and the impact of this construction is a tiny fraction of the work done on the Byrne property at 1891 Little Sunapee Road in the last two years which basically tore up the entire waterfront buffer to construct a single family house.

This variance request has our unqualified support.

Sincerely,

Gary Anderson & Cornelia Boyle
