Welcome to the Ten Year Plan Home Page!

New Hampshire RSA 228:99 and RSA 240 require that the New Hampshire Department of Transportation (NHDOT) propose a plan for improvements to the State's transportation system every two years. The purpose of the Ten Year Plan is to develop and implement a plan allowing New Hampshire to fully participate in federally supported transportation improvement projects as well as to outline projects and programs funded with State transportation dollars.

Please contact Bill Watson or Glenn Davison at 271-3344 if you have any questions on any of the information on this page.

GACIT Hearings

GACIT has wrapped up 27 Public Hearings statewide to listen to the public's concerns and ideas about projects, funding, and other transportation needs throughout New Hampshire. Here is the current Draft 2013-2022 Ten Year Plan being discussed, the notices for the 27 Hearings, and the NHDOT handouts from the Hearings:
