

New London Planning Board
Natural Resources Overlay District (NR)
Draft Ideas for General Discussion
May 5, 2015

Prohibited Uses- Language below reflects provisions included in the current overlay districts.

- (1) The establishment or expansion of salt storage sheds, automobile junk yards, solid waste facilities, or hazardous waste facilities.
- (2) The bulk storage of chemicals, petroleum products, toxic or hazardous materials.
- (3) Use of fertilizer, except lime and/or wood ash, on lawns or areas with grass.
- (4) The dumping or disposal of snow or ice collected from roadways and parking areas located outside the Overlay District.
- (5) The erection or construction of any Structures or Buildings within the boundaries of Wetlands or Streams, or the addition of any fill or dredging that would alter the natural surface configuration of the land, other than by Special Exceptionⁱ or Special Provisions.
- (6) Sand and gravel excavationsⁱⁱ and/or the processing of excavated materials.
- (7) Use for any component of an on-site subsurface waste disposal system including septic system tank and leach fields, except as permitted by Special Provisions.

ⁱ See sections on Special Exceptions and Special Provisions (current Ordinance pages 50-52)

ⁱⁱ As defined in RSA 155-E
