See the Instructions & Required Attachments document for clarification of the below statements

By signing the application, I am certifying that:

1. I authorize the applicant and/or agent indicated on this form to act in my behalf in the processing of this application, and to furnish upon request, supplemental information in support of this permit application.
2. I have reviewed and submitted information & attachments outlined in the Instructions and Required Attachment document.
3. All abutters have been identified in accordance with RSA 482-A:3, I and Env-Wt 100-900.
4. I have read and provided the required information outlined in Env-Wt 302.04 for the applicable project type.
5. I have read and understand Env-Wt 302.03 and have chosen the least impacting alternative.
6. Any structure that I am proposing to repair/replace was either previously permitted by the Wetlands Bureau or would be considered grandfathered per Env-Wt 101.47.
7. I have submitted a Request for Project Review (RPR) Form (www.nh.gov/nhdhr/review) to the NH State Historic Preservation Officer (SHPO) at the NH Division of Historical Resources to be reviewed for the presence of historical/ archeological resources.
8. I authorize DES and the municipal conservation commission to inspect the site of the proposed project.
9. I have reviewed the information being submitted and that to the best of my knowledge the information is true and accurate.
10. I understand that the willful submission of falsified or misrepresented information to the New Hampshire Department of Environmental Services is a criminal act, which may result in legal action.
11. I am aware that the work I am proposing may require additional state, local or federal permits which I am responsible for obtaining.
12. The mailing addresses I have provided are up to date and appropriate for receipt of DES correspondence. DES will not forward returned mail.

MUNICIPAL SIGNATURES

10. CONSERVATION COMMISSION SIGNATURE

The signature below certifies that the municipal conservation commission has reviewed this application, and:

1. Waives its right to intervene per RSA 482-A:11;
2. Believes that the application and submitted plans accurately represent the proposed project; and
3. Has no objection to permitting the proposed work.

	Print name legibly	Date
---	--------------------	------

DIRECTIONS FOR CONSERVATION COMMISSION

1. Expedited review ONLY requires that the conservation commission's signature is obtained in the space above.
2. Expedited review requires the Conservation Commission signature be obtained **prior** to the submittal of the original application to the Town/City Clerk for signature.
3. The Conservation Commission may refuse to sign. If the Conservation Commission does not sign this statement for any reason, the application is not eligible for expedited review and the application will reviewed in the standard review time frame.

11. TOWN / CITY CLERK SIGNATURE

As required by Chapter 482-A:3 (amended 2014), I hereby certify that the applicant has filed four application forms, four detailed plans, and four USGS location maps with the town/city indicated below.

	LINDA M. HARDY	NEW LONDON	1/22/16
Town/City Clerk Signature	Print name legibly	Town/City	Date

DIRECTIONS FOR TOWN/CITY CLERK:

Per RSA 482-A:3, I

1. For applications where "Expedited Review" is checked on page 1, if the Conservation Commission signature is not present, NHDES will accept the permit application, but it will NOT receive the expedited review time.
2. IMMEDIATELY sign the original application form and four copies in the signature space provided above;
3. Return the signed original application form and attachments to the applicant so that the applicant may submit the application form and attachments to NHDES by mail or hand delivery.
4. IMMEDIATELY distribute a copy of the application with one complete set of attachments to each of the following bodies: the municipal Conservation Commission, the local governing body (Board of Selectmen or Town/City Council), and the Planning Board; and
5. Retain one copy of the application form and one complete set of attachments and make them reasonably accessible for public review.

DIRECTIONS FOR APPLICANT:

1. Submit the original permit application form bearing the signature of the Town/ City Clerk, additional materials, and the application fee to NHDES by mail or hand delivery.

12. IMPACT AREA:

For each jurisdictional area that will be/has been impacted, provide square feet and, if applicable, linear feet of impact

Permanent: impacts that will remain after the project is complete.

Temporary: impacts not intended to remain (and will be restored to pre-construction conditions) after the project is complete.

TOTAL	555 /	360 /

13. APPLICATION FEE: See the Instructions & Required Attachments document for further instruction

Minimum Impact Fee: Flat fee of \$ 200

Minor or Major Impact Fee: Calculate using the below table below

Permanent and Temporary (non-docking) 3 sq. ft. X \$0.20 = \$.60

Temporary (seasonal) docking structure: 360 sq. ft. X \$1.00 = \$ 360.00

Permanent docking structure: 552 sq. ft. X \$2.00 = \$ 1,104.00

Projects proposing shoreline structures (including docks) add \$200 = \$ 200.00

Total = \$ 1,664.60

The Application Fee is the above calculated Total or \$200, whichever is greater = \$ 1,664.60

Applicant: Christopher Niehaus

Wt 302.04 Requirements for Application Evaluation:

- 1 Need: This project proposes to install two 6ft x 38ft pile supported docks connected with a 6ft x 10ft walkway in a “U” shaped configuration (552ft²) to achieve the allowed 20ft slip length with a depth of 3ft. Additionally, install a single three-pile ice protection cluster (3ft²), two seasonal PWC lifts, one seasonal boatlift and a 12ft x 30ft seasonal canopy (360ft²).
- 2 Alternative: This project proposes allowed impacts.
- 3 Type Wetlands: Surface water
- 4 Wetlands Relationship: None
- 5 Rarity: None
- 6 Surface Area: Permanent = 555ft² Seasonal = 360ft²
- 7 Impact to Plants, Fish, & Wildlife: None beyond allowed impacts
- 8 Impact to Public: None
- 9 Aesthetic Interference: None
- 10 Obstruction of Public Rights: None
- 11 Abutting Impact: None – similar to other structures in neighborhood
- 12 Public Health Benefit: None
- 13 Water Quality Impact: None
- 14 Increase Flooding, Erosion, or Sedimentation: None
- 15 Water Flow Redirection: None
- 16 Cumulative Impact: None
- 17 Functional Value Impact: None
- 18 National Register of Natural Landmarks: None
- 19 National Proclamation Issues: None
- 20 Watershed Redirection: None

PROJECT DESCRIPTION

Owner: Christopher Niehaus
Site: 155 Owls Nest Road, New London
TM/Lot: 141-001-002

PROJECT DESCRIPTION:

Install two 6ft x 38ft pile supported docks connected with a 6ft x 10ft walkway in a “U” shaped configuration (552ft²). Additionally, install a single three-pile ice protection cluster (3ft²), two seasonal PWC lifts, one seasonal boatlift and a 12ft x 30ft seasonal canopy (360ft²).

The 36” depth contour is located approximately 18ft from the rocky shoreline, thus allowing for an extension per Env-Wt 402.03 (b) (2). Additionally, the property has a considerable exposure to the north-west and the design fetch averages 1.66 miles with the greatest exposure exceeding over two miles, thus allowing for a permanent dock per Env-Wt 402.06 (a) (2).

Dear Abutter:

Under NH RSA 482-A, we are required to notify you, via certified mail, of application for a permit from the NH DES Wetlands Bureau. This letter is to inform you, as an abutter to the above-referenced property, that an application for a wetlands permit will be filed shortly.

This application proposes:

Install two 6ft x 38ft docks connected with a 6ft x 10ft walkway in a "U" shaped configuration. Additionally, install a single three-pile ice protection cluster, two seasonal PWC lifts, one seasonal boatlift and a seasonal canopy.

Once it is filed, the application package, complete with plans, will be available for viewing during normal business hours at the office of the town/city clerk or the offices of the Wetlands Bureau at NH DES in Concord, NH.

Should you have any questions or comments, you are also welcome to contact this office. Thank you.

Sincerely,

***WATERMARK
Marine Construction***

From: NH Natural Heritage Bureau

Re: Review by NH Natural Heritage Bureau of request dated 10/20/2015

NHB File ID: NHB15-3369

Applicant: Christopher Niehaus

Location: Tax Map(s)/Lot(s): 141-001-002
New London

Project Description: Install two 6ft x 38ft docks connected with a 6ft x 10ft walkway in a "U" shaped configuration. Additionally, install a single three-pile ice protection cluster, two seasonal PWC lifts, one seasonal boatlift and a seasonal canopy.

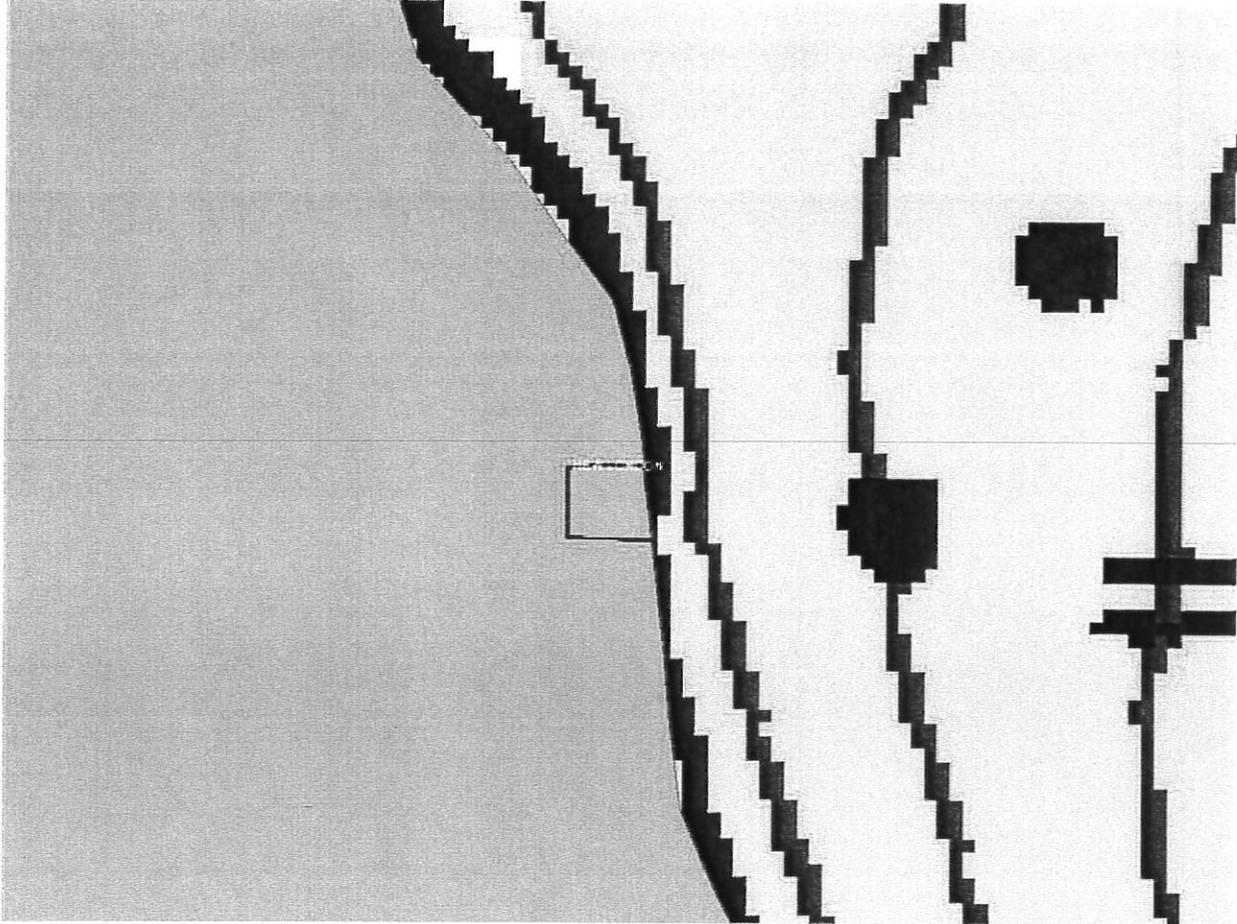

The NH Natural Heritage database has been checked for records of rare species and exemplary natural communities near the area mapped below. The species considered include those listed as Threatened or Endangered by either the state of New Hampshire or the federal government. We currently have no recorded occurrences for sensitive species near this project area.

A negative result (no record in our database) does not mean that a sensitive species is not present. Our data can only tell you of known occurrences, based on information gathered by qualified biologists and reported to our office. However, many areas have never been surveyed, or have only been surveyed for certain species. An on-site survey would provide better information on what species and communities are indeed present.

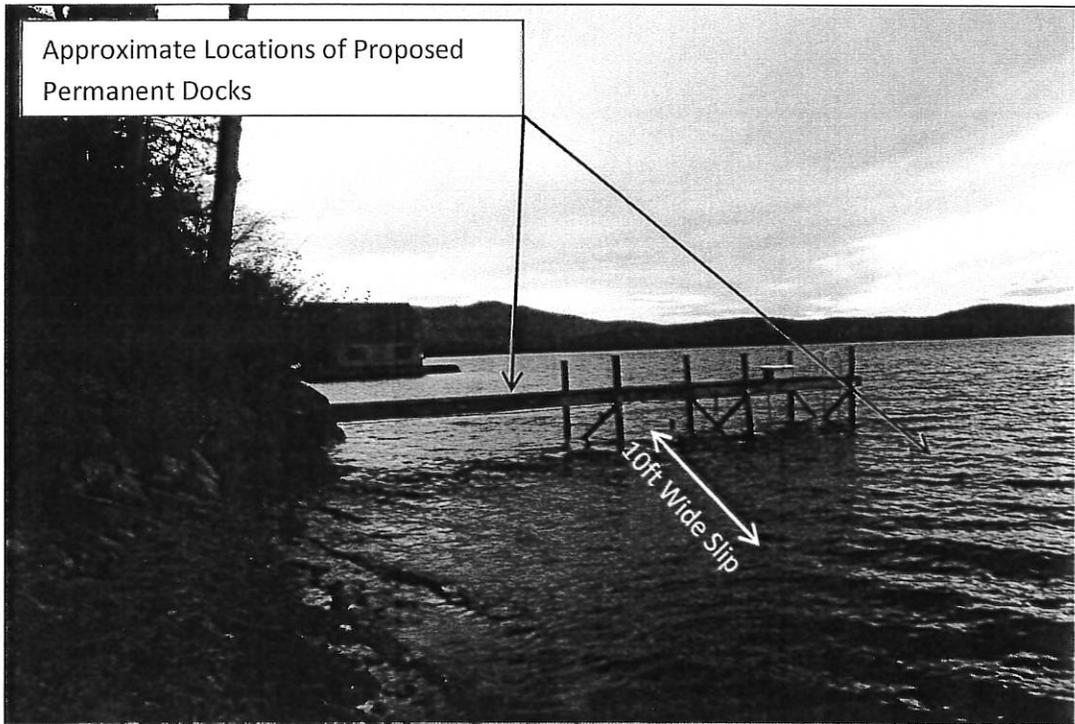

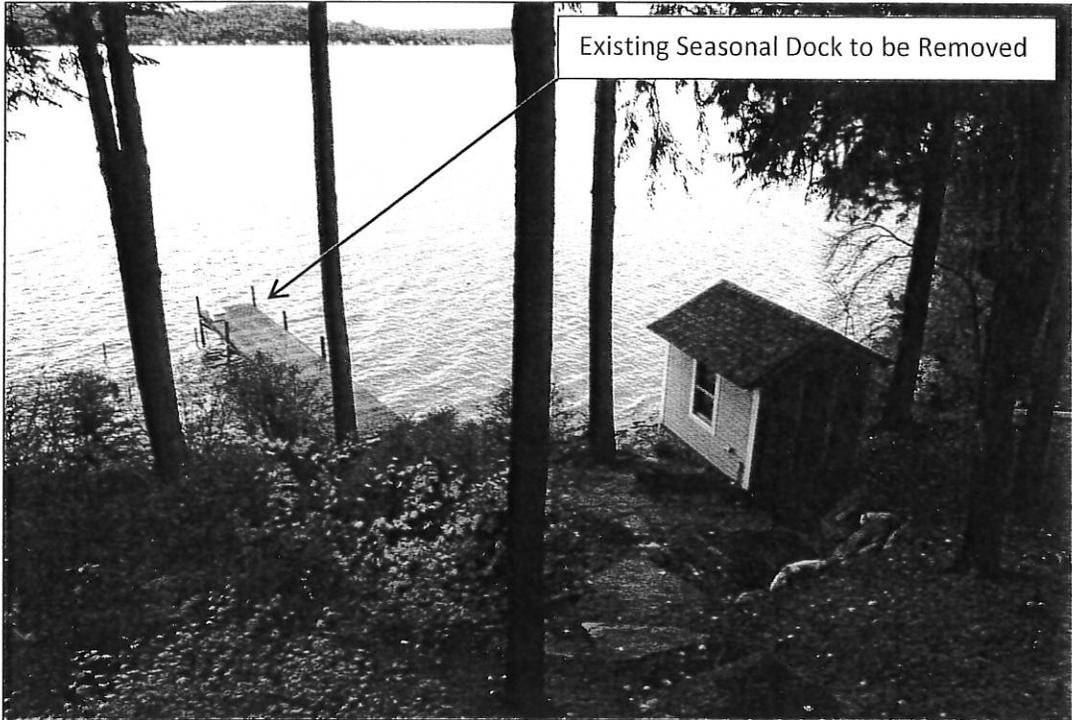

This report is valid through 10/19/2016.

To Whom It May Concern:

Enclosed please find a completed *Request For Project Review* Form for the above mentioned property. Also enclosed is the following additional information:

- (X) USGS Map Indicating Project Location
- (X) Project Description
- (X) Plan(s) Showing The Proposed Project
- (X) Photographs Of The Project Area
- (X) Self Addressed Envelope w/Postage

Please note that this project is exempt from a DHR File Search as pursuant to the DHR memorandum dated November 6, 2012, and Section 106 regulations, this project requests review for either a dock replacement project (replacing existing docks with similar structures) or a new dock in an area of recent development (for example: standing structures that are less than 50 years old).

Please contact us with any questions or comments. Thank you.

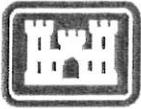

Kind Regards,

Jamie Irving

**US Army Corps
of Engineers**®
New England District

**New Hampshire Programmatic General Permit (PGP)
Appendix B - Corps Secondary Impacts Checklist
(for inland wetland/waterway fill projects in New Hampshire)**

1. Attach any explanations to this checklist. Lack of information could delay a Corps permit determination.
2. All references to "work" include all work associated with the project construction and operation. Work includes filling, clearing, flooding, draining, excavation, dozing, stumping, etc.
3. See PGP, GC 5, regarding single and complete projects.
4. Contact the Corps at (978) 318-8832 with any questions.

1. Impaired Waters	Yes	No
1.1 Will any work occur within 1 mile upstream in the watershed of an impaired water? See http://des.nh.gov/organization/divisions/water/wmb/section401/impaired_waters.htm to determine if there is an impaired water in the vicinity of your work area.*		✓
2. Wetlands	Yes	No
2.1 Are there are streams, brooks, rivers, ponds, or lakes within 200 feet of any proposed work?		✓
2.2 Are there proposed impacts to SAS, shellfish beds, special wetlands and vernal pools (see PGP, GC 26 and Appendix A)? Applicants may obtain information from the NH Department of Resources and Economic Development Natural Heritage Bureau (NHB) website, www.nhnaturalheritage.org , specifically the book Natural Community Systems of New Hampshire .		✓
2.3 If wetland crossings are proposed, are they adequately designed to maintain hydrology, sediment transport & wildlife passage?		N/A
2.4 Would the project remove part or all of a riparian buffer? (Riparian buffers are lands adjacent to streams where vegetation is strongly influenced by the presence of water. They are often thin lines of vegetation containing native grasses, flowers, shrubs and/or trees that line the stream banks. They are also called vegetated buffer zones.)		✓
2.5 The overall project site is more than 40 acres.		✓
2.6 What is the size of the existing impervious surface area?	N/A	
2.7 What is the size of the proposed impervious surface area?	N/A	
2.8 What is the % of the impervious area (new and existing) to the overall project site?	N/A	
3. Wildlife	Yes	No
3.1 Has the NHB determined that there are known occurrences of rare species, exemplary natural communities, Federal and State threatened and endangered species and habitat, in the vicinity of the proposed project? (All projects require a NHB determination.)		✓
3.2 Would work occur in any area identified as either "Highest Ranked Habitat in N.H." or "Highest Ranked Habitat in Ecological Region"? (These areas are colored magenta and green, respectively, on NH Fish and Game's map, "2010 Highest Ranked Wildlife Habitat by Ecological Condition.") Map information can be found at: <ul style="list-style-type: none"> • PDF: www.wildlife.state.nh.us/Wildlife/Wildlife_Plan/highest_ranking_habitat.htm. • Data Mapper: www.granit.unh.edu. • GIS: www.granit.unh.edu/data/downloadfreedata/category/databycategory.html. 		✓

3.3 Would the project impact more than 20 acres of an undeveloped land block (upland, wetland/waterway) on the entire project site and/or on an adjoining property(s)?		✓
3.4 Does the project propose more than a 10-lot residential subdivision, or a commercial or industrial development?		✓
3.5 Are stream crossings designed in accordance with the PGP, GC 21?		
4. Flooding/Floodplain Values	Yes	No
4.1 Is the proposed project within the 100-year floodplain of an adjacent river or stream?		✓
4.2 If 4.1 is yes, will compensatory flood storage be provided if the project results in a loss of flood storage?		N/A
5. Historic/Archaeological Resources		
For a minor or major impact project - a copy of the Request for Project Review (RPR) Form (www.nh.gov/nhdhr/review) shall be sent to the NH Division of Historical Resources as required on Page 5 of the PGP**	✓	

*Although this checklist utilizes state information, its submittal to the Corps is a Federal requirement.

** If project is not within Federal jurisdiction, coordination with NH DHR is not required under Federal law..

Please mail the completed form and required material to:

This form is updated periodically. Please download the current form at www.nh.gov/nhdhr/review. Please refer to the Request for Project Review Instructions for direction on completing this form. Submit one copy of this project review form for each project for which review is requested. Include a self-addressed stamped envelope to expedite review response. Project submissions will not be accepted via facsimile or e-mail. This form is required. Review request form must be complete for review to begin. Incomplete forms will be sent back to the applicant without comment. Please be aware that this form may only initiate consultation. For some projects, additional information will be needed to complete the Section 106 review. All items and supporting documentation submitted with a review request, including photographs and publications, will be retained by the DHR as part of its review records. Items to be kept confidential should be clearly identified. For questions regarding the DHR review process and the DHR's role in it, please visit our website at: www.nh.gov/nhdhr/review or contact the R&C Specialist at christina.st.louis@dcr.nh.gov or 603.271.3558.

PROJECTS CANNOT BE PROCESSED WITHOUT THIS INFORMATION

Project Boundaries and Description

- Attach the relevant portion of a 7.5' USGS Map (photocopied or computer-generated) **indicating the defined project boundary.** (See RPR Instructions and R&C FAQs for guidance.)
- Attach a detailed narrative description of the proposed project.
- Attach a site plan. The site plan should include the project boundaries and areas of proposed excavation.
- Attach photos of the project area (overview of project location and area adjacent to project location, and specific areas of proposed impacts and disturbances.) (Informative photo captions are requested.)
- A DHR file review must be conducted to identify properties within or adjacent to the project area. Provide file review results in **Table 1.** (Blank table forms are available on the DHR website.)
File review conducted on / /

Architecture

Are there any buildings, structures (bridges, walls, culverts, etc.) objects, districts or landscapes within the project area? Yes No
If no, skip to Archaeology section. If yes, submit all of the following information:

Approximate age(s):

- Photographs of **each** resource or streetscape located within the project area, with captions, along with a mapped photo key. (Digital photographs are accepted. All photographs must be clear, crisp and focused.)
- If the project involves rehabilitation, demolition, additions, or alterations to existing buildings or structures, provide additional photographs showing detailed project work locations. (i.e. Detail photo of windows if window replacement is proposed.)

Archaeology

Does the proposed undertaking involve ground-disturbing activity? Yes No
If yes, submit all of the following information:

- Description of current and previous land use and disturbances.
- Available information concerning known or suspected archaeological resources within the project area (such as cellar holes, wells, foundations, dams, etc.)

Please note that for many projects an architectural and/or archaeological survey or other additional information may be needed to complete the Section 106 process.

DHR Comment/Finding Recommendation *This Space for Division of Historical Resources Use Only*

- Insufficient information to initiate review. Additional information is needed in order to complete review.
- No Potential to cause Effects No Historic Properties Affected No Adverse Effect Adverse Effect

Comments: _____

If plans change or resources are discovered in the course of this project, you must contact the Division of Historical Resources as required by federal law and regulation.
