Subject: Response to Case #ZBA18-18 and Case #ZBA 18-19

Dear Nicole,

Thank you for your time with me in this morning's telephone call regarding these two pending variance cases.

You were most helpful and I appreciate your assistance in that I will be unable to attend the scheduled hearing.

If appropriate I would like the following comments passed to the Board.

Regarding ZBA 18-18: I have no comment on this matter as I feel it is being dealt with in the correct procedural manner.

Regarding ZBA 18-19: In the interest of neighborly harmony I have decided to raise no objection to the structure in question; as built within the property buffer area.

It is important to me that care was taken to make it as unobtrusive as practical meaning that in its current 'natural' finish the buildings visual impact is very limited.

Again, my thank you for your assistance here.

Best Regards,

David Gunn
