To the Town of New London:

The Town of Wilmot has received an application from Huckleberry Propane & Oil, LLC to establish a fuel oil and propane storage and distribution facility, truck garage and storage. Although the planning board has determined that this is not a development of regional impact, opponents of the project have suggested that it is. Therefore, out of an abundance of caution, the planning board is notifying both the regional planning commission and the allegedly affected municipalities of the development. I enclose the minutes of the hearings where the application has been discussed, as well as a notice of the next hearing on the project. That hearing will be on July 31st, 2015 at 5pm at the Wilmot Town Hall. You are invited to testify concerning the development at that time.

Thank you.

Sincerely,

A handwritten signature in black ink that reads 'Tracy Jordan'.

Tracy Jordan
Planning Board Recording Secretary
